Thank you for inquiring about High Speed Wireless Internet.

We have the largest coverage area in the Muskoka area than any other WISP. mccsolutions.ca is operated by 4pairless Communications Inc. and is where we got our start. In Lake of Bay's area alone with our private network infrastructure of more than 15 towers and access point's coverage is up to 100%.

We like wireless so much that we have partnered with all of the wholesale wireless internet providers to bring to you a seamless integration and a single choice for your ultimate client satisfaction.

Change is a fact of life, things are always going to change! But as technology changes and everyone's internet experience and demand's increase be sure that we will do the changing for you. 4pairless.ca is connected to everything wireless in Muskoka and beyond.
